

Young Eagle Volunteers 2022,

Hopefully everyone has recovered from the Thanksgiving/Black Friday weekend with family, fun and shopping success. Chapter 1614 is looking forward to having a great event this coming Saturday, 3 December.

We have around 85 kids eager to fly Saturday 3 Dec. The schedule is posted below.

We are excited that EAA Chapter 538 has again agreed to provide **breakfast** for the event. Don't forget some spare change to help them raise funds for their next event. We will also have water, coffee, and hot chocolate. Other volunteers include the Latino Pilots Association and my daughter will be painting faces for the little ones unable to fly. John Prescott will be providing tables and chairs for use in Tim Estenson's hangar, where the event will be held. If anyone is willing to have an aviation presentation that the kids might like while waiting to fly, please call me with your idea.

Saturday Schedule

7:00 Gates Open/Table SetUp
7:30 Planes in Place (Static and flying)
7:45 First Kids Show for registration
7:50 Pilot Brief next to Stearman
8:00 Escort Safety Brief
8:10 First Flights
12:00 Last planned flight
